Thanks Ben, at this time we are following the guidance and funding what we can using R10 funds. Also, we are preparing our own pay cap waivers.

Hi Jennifer,

We received instructions from OSWER and OCFO yesterday that Regions should pay for their own travel associated with this response, unless they are unable to do so, and then the requesting region would pay. Regarding payroll, the guidance is that the home Region pays the base costs and the requesting region will pay OT. It seems like a departure from the way we've done this in the past, but OSWER and OCFO we're direct with their guidance.

So...if you need R8 to pay, below is the accounting info to use. Give me a call or please contact Christine Portillos (CC'd) the FSC in Durango. I've also copied Luke Chavez the Resource Unit Leader. Do you want R8 to submit Ed's name as part of our pay cap wavier letter? If so our HRO will reach out to yours to coordinate since DRA approval is needed.

Hi Ben,

R10 is deploying Ed Moreen to Durango to assist R8 tomorrow, do you have funding available for this deployment?

FYI Joe Poetter works or Ben and I think he is probably the better contact.

Colleagues,

It has come to my attention that some of you are deploying resources to Region 8 at the request of headquarters to support the spill response effort. I believe our comptrollers have already spoken regarding this situation, but I wanted to reach out to you and let you know that if you have a deployment please have your comptroller contact Ben Bielenberg (R8 comptroller) to work out the time and travel details.

Thanks.

Rick
